STRIVE EDUCATION MANCHESTER

Alternative Provision, EOTAS & Specialist Tuition

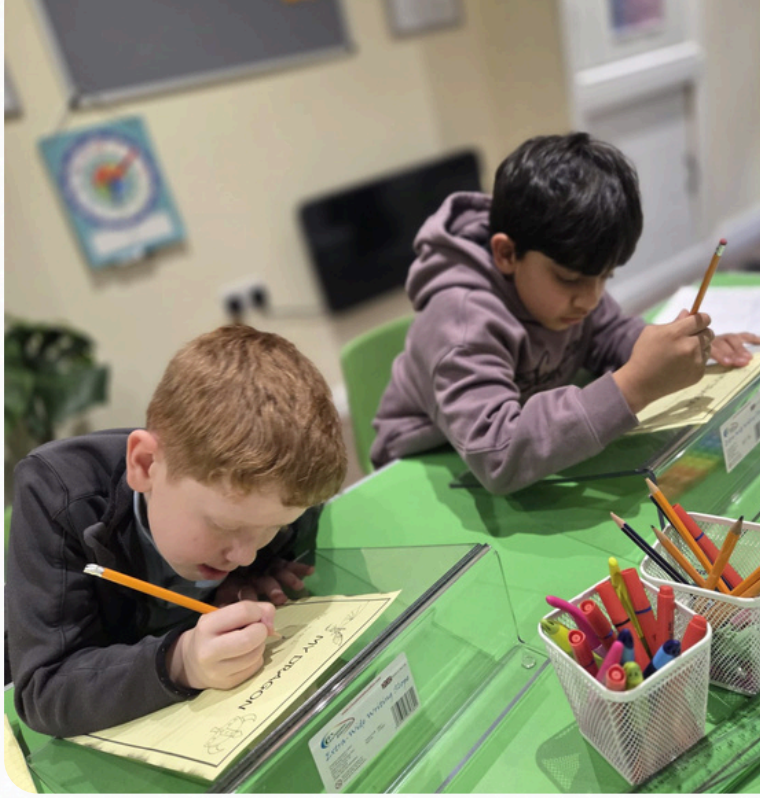

QUALIFIED TEACHERS • PERSONALISED LEARNING • EMPOWERED LEARNERS

Education packages for schools, local authorities and families I MIAPS-approved provider

Helping every learner bee their best

Supporting young people to thrive.

Who we are

Strive Education Manchester is an established, teacher-led education centre based in Prestwich, Manchester. We provide high-quality, personalised education for children and young people from Reception through to GCSE, specialising in Maths, English and Science.

Alongside our established tuition and home education programmes, we work with local authorities and schools to deliver tailored Alternative Provision and EOTAS packages for pupils who are unable to access some or all of their mainstream education. We recognise that every learner has unique strengths, needs and challenges. Our experienced, qualified teachers provide personalised learning tailored to each pupil's individual needs, including those with SEND. Through a positive, supportive and nurturing approach, we help every learner develop confidence, overcome barriers to learning and make meaningful academic progress.

Our provision

EOTAS | Education Otherwise Than At School

Bespoke education aligned to the provision specified in a pupil's EHC plan where applicable, with learning shaped around their individual needs, pace and agreed outcomes.

Alternative Provision | AP

Short, medium and longer-term educational placements, including support during transitions, periods of reduced school attendance and planned reintegration.

Home education support

Structured, teacher-led core subject learning for families who elect to home educate.

Tuition and intervention

Small-group Maths, English and Science tuition to address gaps, build confidence and prepare for assessments.

For commissioners and schools

Flexible, accountable education packages with a clear referral and review process.

Overview

MIAPS Framework Approved Provider: Strive Education has successfully completed the MIAPS framework application and approval process, providing an established procurement route for eligible schools and local authorities seeking to commission suitable educational provision.

Assessment, Monitoring and Progress: We establish each pupil's academic starting points, set individual learning targets and monitor progress throughout their placement. Regular updates and review information support schools, local authorities and families in evaluating progress and planning next steps.

Strive Education Centre, Prestwich.
Our welcoming education centre is based in Prestwich, conveniently located near Heaton Park Metrolink station and the M60, providing access for pupils and families across Greater Manchester.

How a placement works

01 **Initial Enquiry:** Discuss pupil needs, proposed hours and suitability.

02 **Information review**: Consider relevant documentation, risks, support needs and family input.

03 **Plan:** Agree outcomes, timetable, arrangements and review schedule.

04 **Baseline**: Identify academic starting points and priorities.

05 **Delivery:** Qualified teachers deliver the agreed teaching package in person at The Strive Education Centre, Prestwich.

06 **Review:** Provide progress information and agree next steps.

Safeguarding, quality and experience

Safeguarding and quality assurance

Strive Education is committed to maintaining high standards of safeguarding, pupil welfare and safer recruitment. All teaching staff are qualified, experienced and registered with the DBS Update Service. Our centre has established safeguarding procedures, trained first aid personnel, comprehensive risk assessments and fire safety arrangements, supported by £10 million public liability insurance. Relevant safeguarding policies and compliance documentation are available upon request to support commissioning and due diligence.

Experience and approach

Strive Education currently supports over 80 students each week through our established tuition programmes, home education provision and commissioned EOTAS packages. Our experienced teaching team understands the importance of building positive relationships, adapting learning to individual needs and creating an environment where pupils feel supported, valued and motivated to succeed.

We combine personalised academic teaching with a strong focus on confidence, engagement and measurable educational progress.

We welcome enquiries from local authorities, schools, SENDCOs and families seeking high-quality, personalised educational provision. Contact us to discuss a referral, request a tailored proposal or arrange a visit to our Prestwich education centre.
